

# 'The Lark', Tale of Joan of Arc To Close Theatre This Season

To climax a successful season of college-community productions, director Hal Ulrici has chosen "The Lark" as the final dramatic production of the year, and has cast Kitty Weppener, a Hartnell freshman, in the lead role as Joan of Arc.

Kitty, who has been active in all of the Little Theatre productions this year, was chosen to portray Joan of Arc on the basis of her former theatrical experience, talent, and physical appearance.

Lloyd Ebel, local businessman, plays the organized church representative, Cauchon, who is a major male character in this production.

Tom Sinclair, Hartnell drama major, will portray the Earl of Warwick, another difficult, compelling role.

Supporting cast for the show

includes: Connie Saurett as Brother Ladvenu; Mike Mertz, Charles, King of France; Ron Bottini, Robert de Beaudricourt; Charles Drew, the Inquisitor; Bill Gamble, the Promoter; Frank Jewhurst, the Archbishop of Rheims; Jeff Haines, La Hire; Eva Tavernetti, Queen Yolande; Carrie Grader, the Little Queen; Karen Wilson, Agnes; Rudy Draper, Tremouille; and Noel Wilson as the Executor. Joan's father and mother are played by Frank Sutherland and Barbara Weppener. Her brother is played by Cipy Insular. Jan Wilson and Dorothy Kearney play Ladies of the Court.

Five hundred years ago the courts cleared Joan of Arc from all suspicion of being a witch—however, she was executed in 1493, so it did nothing more than add a bit to history. The "Lark" is based on the trial of

Joan of Arc—it tells the story of the young girl who led France to victory and how she was treated, viewed and tried for her courageous actions. The story is more, however, than a trial—"The Lark" deals with Joan's motivations, attitudes, and the reaction of the government and the church to her actions. It is a deep, dramatic, and beautifully adapted play by Lillian Hellman.

Back stage help includes: Madeline Olvera, stage manager; Ron Bottini, electrician-publicity; Lynne Ebel, prompter; Connie Saurett, wardrobe; Patti Jensen, programs, publicity, box office; Frank Sutherland, sound effects; Barbara Weppener, makeup.

Presentation dates for the play are May 12, 13, 19, 20; curtain time is 8 p.m., and tickets are 75 cents for students and \$1.50 for adults.

## Blood Credit Club to Begin Activities As Students are Urged to Participate

Have you had a rabies shot within the last five years? Well, you are not qualified to join and participate in the organization of the most active, beneficial, dedicated unit on campus.

Neither are you qualified if you have had tetanus, smallpox, typhoid or a minor cold within two weeks. Nor may you contribute if you weigh under 115 pounds, have had a major operation within one year, a serious cold within one month, and finally, if you have had jaundice or malaria within two years.

This unit begins activities on May 1, and all students who meet the preceding qualifications are asked to join—in the founding of a Blood Credit Club. Any student may draw from this club in time of emergency, and there will be no charge.

According to Charles Dudley, sophomore representative, who received his information from qualified sources, "The donation of blood is painless," or as a noted humor magazine once stated, "Giving blood can be fun."

Transportation to the Red Cross Chapter House will be furnished all afternoon, and all students under 21 are urged to obtain the consent form in the general office.

There is no discrimination—men as well as women are welcomed to donate their blood; but they are reminded that a heavy meal cannot be eaten within four hours and a light meal not within two hours.

In view of recent occurrences, this organization may be a life saver to many of our students, if everybody decides to do his share.

## MORE, BIGGER, BETTER APPEARS AIM OF THIS YEAR'S COMPLETED LA REATA

The yearbook has gone to press, and according to La Reata editor, Eileen Volpatti, it is the first hardback yearbook since 1956. There will be more pages, more pictures and a more collegiate atmosphere than ever before.

However, all this was possible only through the combined efforts of La Reata staff and the many students and faculty who spent many extra hours helping to organize, to research, and to take and develop the pictures necessary for this excellent annual.

"Many people should be given thanks for work on La Reata,

mainly: Mr. Joseph Bragdon and both his art and photography classes; Linda Kehoe for her artwork; Beryl Martin for La Reata's cover; Howard Tse for photography; Mrs. Fred Pia for the use of the costumes necessary to carry out the theme of the 20's; and Marie Mauro, Charles Dudley, Walter Sorensen, and the many other students who helped," Eileen commented.

Those on La Reata's staff are: Eileen Volpatti, editor; Judy Mueller; Gloria Gould; Paul Rauscher; Kitty Weppener; Bob Stevens and Chris Bergantz, photographers; and Paul Johnson, adviser.

## Goldschmidt Talks on Africa In Final 'Hartnell Presents'

Walter Goldschmidt, professor of anthropology and sociology at the University of California, Los Angeles, tonight will conclude the "Hartnell Presents" series entitled, "Focal Points of International Tension" in a lecture, "Cultural Background to Modern Africa."

Dr. Goldschmidt received his doctorate at the University of California at Berkeley after previous training at the University of Texas in Austin. He also studied two Indian tribes of California before he turned his attention to the study of American culture.

His most recent research experience was in Uganda, British East Africa. There, under the aid of a Fulbright Grant, he made a study of the culture of the Se-

bei, a little known tribe living on the slopes of Mt. Elgon.

He is just back from East Africa, where he spent a month preparing for a research project he is directing. This project, sponsored by the National Science Foundation and the National Institute of Mental Health, will start in June, and keep Dr. Goldschmidt and his staff in East Africa for over a year.

In addition to all the research, Dr. Goldschmidt has done, he has written a few books. He is author of "Man's Way, A Preface to the Understanding of Human Society," and edited "The United States and Africa" for the American Assembly of Columbia University and "The Anthropology of Franz Boas," which was a me-

## Deficiency Notices Being Sent Out Now

Deficiency notices are going out today.

If at the end of any semester a student's cumulative grade point average falls below "C" average he will be placed on conditional suspension. Any student on this list must carry a minimum of 10 units per semester or a maximum not to exceed fifteen and a half units.

Students who receive a notice of probation or dismissal may petition the registrar for a hearing if there are extenuating circumstances.

Ordinarily students dismissed for unsatisfactory scholarship will be allowed to re-enter the college after a period of one semester's exclusion.

## Art Club Is Host To Beatnik Dance

Anything within reason can be worn to tomorrow night's Beatnik Dance, so get out your dark glasses, black clothes, and come prepared for a real fun-time.

Sponsored by the Art Club, the dance begins at 8 p.m. Admission is 75 cents stag and \$1.00 drag.

Gary Wilcox, chairman of the dance, said a full evening is planned—the Strangers and the Hartnell Dance Band will provide music. The Outsiders (Dan McCormick and Jerry Richardson) and the Coeds will sing as an "extra added attraction."

Besides music, comfortable clothes and a "beat" atmosphere, refreshments will be served.

## Student Dean Attends Meetings of Educators

Miss June Handley, Hartnell dean of students, presided over many of the sessions of the con-

## Original Works Presented to Festival

Hartnell tooters, blowers and bowers will journey to San Francisco State College Tuesday to add their talents to the annual Instrumental Festival which will be attended by many colleges of Northern California.

Two musical groups will represent Hartnell in performance as well as some individuals as student composers.

Directed by Mr. Lorell McCann, the college ensemble will play the "Concerto Number One," a major work by 17th century violinist Arcangelo Corelli. Members of the groups are Bert Robinson,

ference of California Association of Women Deans and Vice Principals held last week at San Mateo's Villa Motel.

As president of the group of educators, Miss Handley arranged many of the details of program

(Continued on Page 3)

Bill Lam, Elvia Perez, and Barbara Greer on violin; Elloise Gard, viola; John Armstrong, cello; Lorene Keltner and Barry Robertson, piano.

Three Hartnell students will demonstrate original compositions at the festival. Carol Weigel has contributed "Andante Cantabile" for strings, Rudy Maglenty has done a prelude for strings, and

## D. Madison Sings During College Hour

Appearing in today's assembly will be David Madison, folk singer and guitar player, who will sing ballads and folk songs to his own accompaniment.

This should prove to be one of the better assemblies of the year.

■ Making use of the facilities provided until the last minute is Chris Bergantz, shown above. But such are the ways of progress—the old being torn down, making way for the new—and in this case the new happens to be the dormitory which will be available to Hartnell men students some time next year. As this picture was taken, some building and rubbish in the rear of the same lot were burning; now all that remains is a deep, fenced hole.

## Dorms, Science Building Studied in Master Plan

Results of a recent survey show that from present and anticipated enrollment of the elementary schools there will be a 500 percent increase in the number of students in the next decade.

Approximately half of these students will go on to colleges which in the case of Hartnell would mean an enrollment of nearly 3,000 or three times the present rate.

Since these increases will take place progressively in the next ten years, building facilities to accommodate the influx of students should be in progress in the same

manner, with an eye to filling the need, as it gradually makes itself felt.

As an example, it took four years from its conception to finished form to build the library on campus.

Hartnell's Master Plan shows several dormitories and a two-story science building designed by Salinas architect Jerome Kasavan. The seating capacity of the two principal lecture rooms will be 82 and 121. Eight labs consisting of three chemistry, three biology, geology and physics; acoustically de-

# Cuba and Her Uninformed Neighbors

There will be those who consider the effort beyond themselves, and will wait for the slanted stories from irresponsible correspondents and the interpretation of their friends. There will also be those who climb to the top of truth and descend into the meadow of knowledge and wade in the brook of wisdom.

Communism in China is destroying the family and the family has always been the central theme of Chinese life. Children are indoctrinated in the Communist creed and taught to in-

These are the students to be pitied. All the advantages offered to them are discarded. Some of these say every minute must be spent in study, and some of them completely forget about college when they leave the campus. But both are wrong and should be-

come more acquainted with the advantages of the college life offered them by Hartnell.

# LITTLE MAN ON CAMPUS

'AS A MATTER OF FACT - WE DON'T EXPECT PROFESSOR SMART  
BACK IN TH' LAB FOR TH' REST OF TH' AFTERNOON.'

## A CONCERNED STUDENT

## International Queen Dance

■ Patti Jensen, left, representing the United States in the annual International Festival Dance last Saturday, looks on as Rosita Anselmi, Miss Switzerland, is crowned International Queen by Dave Guardino, ASB vice president. On the right, Editha Luz, Miss Philippines, and Barbara Carioso, Miss Hawaii, contribute their graces to the coronation atmosphere in the main lounge of the Student Union.

## CLUB NEWS ROUNDUP

### Electronics Club

Radio amateurs, hi-fi enthusiasts, and experimenters: NOTICE: An electronics club is in the process of formation. The only thing necessary to make this club a success is interested members, so the best thing to do would be to contact Joe Kohler and discuss the possibilities of getting fully organized this semester.

### Young Conservatives

This semester saw the formation of two political groups during the presidential elections—now that neither is active, a Youths for Freedom group—a Barry Goldwater fan club—has been organized under the title of the "Young Conservatives."

This group will lead the next Student-Faculty Discussion Group on May 5 at 3:00 in the main lounge of the S.U.

Topic of discussion: "The Political Philosophy of Barry Goldwater."

This discussion, as all others, will be open to the entire student body, and faculty members.

### International Club

Miss Rosita Anselmi, who represented Switzerland, was voted as the 1961 International Festival Queen at last Saturday's dance. She was escorted and crowned by I.C.C. prexy, Dave Guardino. Barbara Carioso as Miss Hawaii, Edith Luz as Miss Philippines, and Patti Jensen as Miss United States were the queen's court at the dance.

Roseta was presented with a bouquet of roses by former International Club president, Mike Rafat, and after the ceremonies, a Philippine dance was dedicated to the queen.

### Flying Club

Hartnell Flying Club has taken off with another activity this semester: Elliot Pisor and Dan Gay piloted the Hartnell plane to Nut Tree for a "fly-in" with 250 other planes. They viewed a demonstration of 1961 Cessna aircraft worth over \$1,000,000.

As a takeoff for future activities, the annual Flying Club barbecue will be held at adviser Darwin Peavy's house. Guests will include members of the club and interested persons.

### Women's Athletics

Preparing to compete in the State Tennis Tournament for women which will be held at Stanford on May 19 and 20, is the Women's Athletic Association of Hartnell.

A ladder has been set up so that the members may compete to find the six top players, and this will be decided and announced by May 11.

The signups for badminton are now in progress, and all interested women are urged to participate in this activity.

### UNITED NATIONS

Orange and black striped letters—in case you haven't yet noticed—spell out "On Campus" on the bulletin board in the student union giving a place "especially for the students" to browse and keep up to date on local activities.

Decorated and maintained by a committee from the United Nations Club, the bulletin board is to keep—in a popular place, things of interest to all students (playmate of the month, cartoons, "For Sale" ads, student bulletin, etc.).

### Newman Club

"Thirty-two percent, over a hundred, of the maladjusted cases in Salinas interviewed during a 64-day period by one agency, consisted of unwed mothers," was the statement made by Dr. Marcantino Diaz, Ph.D., who was the guest speaker at a Newman-sponsored discussion.

"The age group of these young girls, and the boys involved, ranges from 17 through 22. Ninety percent were from denominations other than Catholic and of mixed classes with varied educations including college level."

Alcoholism, immaturity, and a lack of preparation for the responsibility of marriage and a pseudo-exaggerated image of love were some of the contributing factors.

The idea was propounded that if young women, since the burden of child bearing and rearing falls primarily on them, were taught and warned that they would be widowed and their child left orphaned automatically by an act of theirs they would be horror stricken. Yet, unwed mothers, or a divorced couple, are guilty of creating exactly both of those situations.

"Dr. Diaz, do you think that the breakdown of morality is due to misconceptions as to punitive results of deviations from 'old-fashioned moral standards? That public support, acceptance and subsidizing of these wayward young people has something to do with the situation," was one of the questions asked from the floor.

"Yes, that plus large influxes of outside forces moving into new areas, are without a doubt major causes," stated Dr. Diaz.

### Dean Attends . . .

(Continued From Page 1) and speakers that brought an impressive list of guests to the proceedings. Her theme, "New Ideas for a New Decade." Purpose: To make the education process more meaningful for all of us.

Miss Handley said that George Mardikian, San Francisco restaurateur, gave the most inspirational address of the conference as he talked about the "Song of America," including the contrasts he had seen living under tyranny in Armenia and under the freedom in the United States.

Other speakers included Robert J. Bernard, president of Claremont Colleges, and John W. Radcliffe, M.D., who has just returned from service on the hospital ship, Project Hope, in Indonesia.

### Music Festival . . .

Michael Dixon will hear his march played by Miss Weigel on piano.

The college band, directed by Mr. Robert Lee, will also participate in the San Francisco festival. The 30-piece group will play marches, concert pieces and some selections from "The Sound of Music."

After a dinner for all the assembled performers, the Hartnell contingent will return to home base all played out.

### GREEN'S CAMERA SHOP

350 Main Street, Salinas

## COMMISSION NEWS

April 11:

Delegates elected to attend the CJCSGA State Conference to be held May 11, 12, and 13 at the Disneyland Hotel were Roy Hanna, Paul Rauscher, Charles Dudley, John Bernardi, and Walter Sorensen.

Charles Dudley was appointed chairman of the Red Cross Blood Bank Day at Hartnell to be held May 1.

April 18:

Those attending the CJCSGA (NR) Conference gave their reports on the workshops they attended. These included finance, student government, campus activities, conference reorganization, athletics, current problems, and publicity.

Walter Sorensen, chairman of the constitution committee, pre-

sented nine amendments to the Rules of Order and one amendment to the Athletic Standing Rules. All amendments passed and are now part of the Constitution of the Associated Students of Hartnell College.

Anita Putnam was unanimously approved as finance commissioner for 1961-62.

The band was allocated \$78.75 to be used for meal expense when it attends the Northern California Junior College Instrumental Festival at San Francisco State College May 2.

President Hanna appointed the budget committee which includes: Ann Richter, David Baker, Patricia Vaught, Richard Logue, Gary Wilcox, Anita Putnam, Charles Dudley, Gay Erickson, John Bernardi, and Roy Hanna.

## Why are some girls prouder of their rings than others?

You see it in her eyes—but the reasons aren't all romantic ones. Her diamond ring is an Artcarved. This means it meets rigid standards of excellence in cut, carat weight, color and clarity.

Nor is this simply a verbal promise. Artcarved's written guarantee explains how the exclusive Permanent Value Plan lets you apply the full current retail price toward the purchase of a larger Artcarved anytime, at any Artcarved jeweler throughout the country. You will be proud, too, of Artcarved's award-winning styling, like the Evening Star shown here. To be sure it's an Artcarved: Look for the name inside the ring, and ask for your written Artcarved guarantee.

Of course, being engaged is wonderful, but sealing the engagement with an Artcarved ring makes it more wonderful than ever—forever!

## CAN A PANTHER DEFY LAW OF GRAVITY?

■ In a split-second snapshot of a young man coming up fast in the world, Bill Allen demonstrates the fine form that won him a big first place in the Small College Track Meet held here Saturday. His talent and that extra push have made him one of the top pole vaulters in junior college circles, since his record of 13 feet last week equals or betters all other efforts by men competing. Allen, a sophomore from King City, will undoubtedly continue in his upward trend and may place his name in that upper circle of 15-foot men—a select group indeed.

JERRY ADAMSON • SPORTS EDITOR

## Hart Horsehidors Show Good Hitting As They Edge Hairy Lobos

A three-run rally in the eighth inning proved to make the difference for the Panthers in a 9-8 baseball victory over Monterey Peninsula College in a game played on the victors' home diamond. MPC outclassed the Hartnell

nine 15-5 in the first game of the two-game series played at Monterey Tuesday, April 18.

Hartnell's victory Friday, April 21, had Jim Smith on the mound for the winners. Jim gave up eight hits with first baseman Haglo of Monterey the only batter to collect for more than one. One of Haglo's two hits was a home run.

Dependable Gary Quattrin of Hartnell came up with a round-tripper in the nine-inning affair. Gary also scored three runs. Second baseman Charlie Maxie led the 11-hit parade for the Panthers with a three-for-four effort.

Jim McGuire was close behind Maxie with three-for-five.

In the first game played at MPC, Len Napoli of Monterey went the distance to take credit for the win. Charlie Noel suffered the loss for Hartnell. Faulty fielding was the main problem for the Panthers.

Hartnell rapped out nine hits while Monterey collected 14. Seven of the Panthers' nine hits were distributed among three players. Victor Quattrin was credited with three-for-five; Gary Quattrin, two-for-five; Charlie Noel, two-for-three.

## Hart Netters Wind Up Conference Matches In Unforeseen Blaze of Glory Against Foothill

Coach Darwin Peavy's tennis team is looking forward to participating in the Conference Tournament slated for May 5 and 6 after soundly defeating the netters from Foothill College, 6 to 1. The matches took place at Sunnyvale on the Fremont High School courts Saturday, April 22.

In the doubles matches Jack Barrett and Fred Maxie defeated Ed Churka and Ken Hart while Bruce Bakeman and Cliff

Leong teamed up to hand Hank Chapman and Citta a loss. Singles victories included Barrett over Churka, Bakeman over Hart, Maxie over Chapman, and Leong over Hopkins.

With Leong the lone sophomore on the squad, the team is looking forward to fielding another outstanding tennis team next year.

The Panthers' record now stands 50-50 with three victories against three setbacks.

## Dormitories . . .

(Continued From Page 1)  
signed lecture rooms, a live animal room and an aquarium are all part of the master plan.

Planned for educational use appealing to adults as well as children, the planetarium would provide a domed facsimile of our celestial system. Faculty offices,

storage and supply rooms are all included in the compact science building.

Hartnell's Board of Trustees will open bids for the erection of the new campus dormitories at its regular monthly meeting on May 15. A special board meeting has been called for May 9 to consider financing for the proposed science building.

## MPC Runs Away With Top Honors In Small College Track Meet Here

Two meet records fell and two more were tied as Monterey Peninsula College emerged victoriously in the 12th annual small college invitational track and field meet held Saturday, April 22, on the Hartnell oval.

The Lobos from MPC clearly outdistanced the seven rival schools by accumulating a total of 143½ points. Closest competition came from Coalinga College which gathered in 65 5/6 points for second place. Foothill College which was third with 63 1/6 points took home its first

## Hartnell Escapes Last, Fourth Place

Hartnell's track team took third place behind Monterey Peninsula College and Foothill College in a four-way meet held in the Panthers' oval. The meet held Saturday, April 15, had MPC leading the field with 79 1/6 points, Foothill second with 29 5/6; Hartnell, 22½; Vallejo, the fourth member, 21½ points.

The Panthers were led by former King City High Schoolers Bill Huston and Adrian Avila. Bill continued his fine performances in the pole vault as he nailed down first place for Hartnell with a 13 foot 6 inch vault. Not only was this a new personal high for Bill but it was also just four inches short of the school record of 13 feet 10 inches set in 1957.

Adrian, after having to settle for a second or third previously in the mile, broke through the field for a first place in his specialty with a 4:33.5 clocking. Later on he came back to take the two-mile in 10:12.1.

Dotson and Palmer of MPC were also double winners. Dotson ran the quarter mile in 49.9 and the 220 in 21.4. Palmer, in the field events, captured first place in the high jump and broad jump. His marks were 6 feet 1 inch and 23 feet 10 inches, respectively.

Vallejo's Sidney Nickolas continued his speed and form in the hurdles as he skimmed through the 220 low hurdles in 23.8. The record for a Hartnell hurdler is 24.3 set back in 1939.

Other money winners for the Panthers were: Bill Allen, tied for second in the pole vault; Gerald Sliksager, third in the two-mile; Bill Harrison, second in the discus.

## Panthers Get Revenge; Whip Tough Seahawks

The Hartnell Panthers' baseball team got together and handed Cabrillo's Seahawks a 4-3 setback on the losers' home diamond. The game played Friday, April 14, was the first Coast Conference victory for the Panthers and it avenged the 10-1 drubbing Cabrillo gave the Panthers previously.

Coach Jess Regli's nine had to survive a late inning rally in which the Seahawks came up with two big runs before they could chalk up the victory. Jim Smith received credit for the win while Brian Sinnott took the loss.

Cousins Gary and Victor Quattrin were the big guns at the plate for the Panthers along with James Ketcham. Gary collected three for five while Victor had two for four. James delivered the big blow of the game with a home run. Carl Sandman of Cabrillo also was credited with a round-tripper.

athletic trophy. Hartnell's Panthers were fourth with a total of 51½ points.

Following the Panthers were: Vallejo, 43 points; Reedley, 38; Hancock, 26; and Taft, 4 points. Three of the 11 invited schools failed to show up.

Ron Palmer of MPC was the high point man of the meet with 25 points. Ron set a new record in his specialty, the broad jump, by leaping 23 feet 6 inches. The previous mark of 23 feet 1¼ inches was held by Bob Ritchie of Diablo Valley and set in 1958.

Hancock's mile relay team consisting of Guinn, Dean, Henry and Bruce edged out Monterey for first place honors by setting a new meet record of 3:25.1. Former record of 3:25.8 was set by Reedley in 1959.

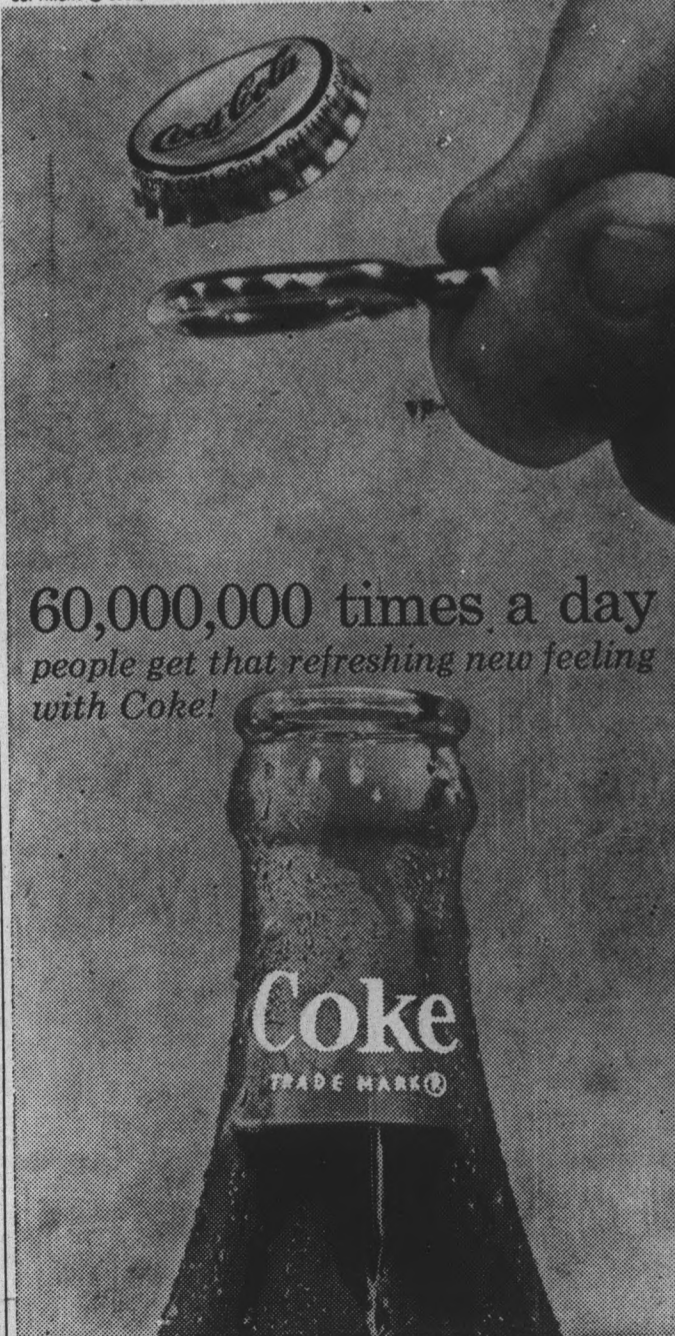

Ron Dotson of Monterey tied two records in the sprints by taking the 220 in 21.7 and the century in 9.9. Ron added his name alongside of Tom Beswell of Taft and Jack Williams of MPC who set the 220 record in 1958.

Bill Allen, Jay Hawk, and Adrian Avila were the big guns for Hartnell. Jay tied for first place with Nichols of Foothill in the high jump with a 6 foot 1 inch leap. Bill edged out teammate Bill Huston and Beal of Foothill in the pole vault by clearing 13 feet. Huston tied for third behind Allen and Beal. Avila came on strong at the finish to nip Henry of Reedley and Gardner of Coalinga in the two-mile run. Avila was also second in the mile.

Credit should be given to track coach Td Adams for his fine effort in getting the track in condition for the meet. Although the track was damp when the meet began, it was in fairly good shape before it was over.

Coming meets for the Panthers include the Coast Conference meet at San Jose Saturday, May 6, and the Modesto Relays tomorrow. Relays begin at 1 p.m. while the conference meet is a night meet beginning at 7:30.
